

# Electric Bike Showroom Business Plan Template

## Business Plan

Business Name: [Your Business Name]

Location: [City, State, Country]

Prepared By: [Your Name]

Date: [Date]

## 1. Executive Summary

### Business Overview

[Your Business Name] will be a modern electric bike (E-Bike) showroom that offers affordable, eco-friendly, and high-performance electric two-wheelers for daily commuting, delivery services, students, and working professionals. Along with bike sales, the showroom will provide financing assistance, insurance, accessories, servicing, battery replacement, and after-sales support.

### Mission

To make electric mobility affordable, accessible, and reliable for every customer while contributing to a cleaner environment.

### Vision

To become one of the most trusted electric bike dealerships in the region by delivering quality products and exceptional customer service.

### Business Goals

- Sell 300–500 electric bikes in the first year.
- Achieve positive cash flow within 12 months.
- Build a loyal customer base through excellent after-sales service.
- Expand into additional showroom locations within 5 years.

## 2. Problem & Solution

### Problems

- Rising petrol and diesel prices.
- Increasing pollution and environmental concerns.

- High maintenance cost of fuel-powered motorcycles.
- Limited charging and service support in many areas.
- Lack of awareness about electric vehicles.

## Solutions

Our showroom will provide:

- Affordable electric bikes for every budget.
- EMI and financing options.
- Professional after-sales service.
- Genuine spare parts and batteries.
- Home delivery and doorstep servicing.
- Customer education about EV benefits and government subsidies.

# 3. Market Analysis

## Industry Overview

The electric vehicle industry is experiencing rapid growth due to:

- Government EV incentives.
- Increasing fuel prices.
- Environmental awareness.
- Improved battery technology.
- Growing demand for affordable transportation.

## Target Customers

- Students
- Office employees
- Delivery executives
- Small business owners
- Women riders
- Senior citizens
- Rural and urban commuters

## Competitor Analysis

### Direct Competitors

- Authorized electric bike dealerships
- Local EV retailers

### Indirect Competitors

- Petrol motorcycle dealers

- Used bike sellers

## **Competitive Advantages**

- Wide range of electric bikes.
- Competitive pricing.
- Fast servicing.
- Financing support.
- Professional customer service.
- Genuine spare parts.
- Digital marketing and online booking.

## **4. Products & Services**

### **Products**

- Electric Scooters
- Electric Motorcycles
- Electric Bicycles
- Batteries
- Chargers
- Helmets
- Riding Accessories
- Spare Parts

### **Services**

- Vehicle Sales
- Test Rides
- Registration Assistance
- Insurance
- EMI Financing
- Home Delivery
- Battery Replacement
- Warranty Support
- Annual Maintenance Packages
- Repair & Servicing

## **5. Go-to-Market Strategy**

### **Marketing Channels**

- Google Business Profile
- Facebook Marketing
- Instagram Marketing

- YouTube Videos
- Local Newspaper Advertising
- WhatsApp Marketing
- Influencer Marketing
- Referral Programs
- Local Events and Roadshows

## **Sales Strategy**

- Free test rides.
- Seasonal offers.
- Exchange programs.
- Festival discounts.
- Corporate fleet partnerships.
- College promotional campaigns.

## **Customer Acquisition**

- SEO-optimized website.
- Google Ads.
- Social media advertising.
- Local dealership partnerships.
- Customer referral incentives.

# **6. Operations Plan**

## **Showroom Requirements**

- 1,500–2,500 sq. ft. showroom.
- Display area for 20–30 bikes.
- Service workshop.
- Customer waiting lounge.
- Office and billing counter.
- Spare parts storage.

## **Staffing**

- Showroom Manager
- Sales Executives
- Finance Executive
- Service Technician
- Mechanic
- Customer Support Executive
- Accountant
- Cleaning Staff

## Daily Operations

- Customer inquiries.
- Test rides.
- Sales consultations.
- Financing processing.
- Vehicle delivery.
- Service appointments.
- Inventory management.
- Customer follow-up.

## 7. Financial Plan

### Estimated Startup Cost

| <b>Item</b>                            | <b>Estimated Cost<br/>(USD)</b> |
|----------------------------------------|---------------------------------|
| <b>Showroom<br/>Setup</b>              | <b>\$35,000</b>                 |
| <b>Interior &amp;<br/>Furniture</b>    | <b>\$18,000</b>                 |
| <b>Initial Bike<br/>Inventory</b>      | <b>\$180,000</b>                |
| <b>Workshop<br/>Equipment</b>          | <b>\$15,000</b>                 |
| <b>Spare Parts<br/>Inventory</b>       | <b>\$20,000</b>                 |
| <b>Licenses &amp;<br/>Registration</b> | <b>\$5,000</b>                  |
|                                        |                                 |

|                                    |                  |
|------------------------------------|------------------|
